SECTION 1: OVERVIEW

1.0 PURPOSE

The North Central Texas Council of Governments (“NCTCOG”) seeks an experienced vendor or vendors to provide the goods or services described herein to the members of its TXShare Cooperative Purchasing Program (“TXShare”). The awarded contracts will be promoted via TXShare. The purpose of this Request for Proposals is to solicit responses that result in a contract with one or more vendor(s) that are qualified to provide one or more categories of the goods or services.

The desired service categories are as listed below:

Service Category #1: Artificial Intelligence (AI) Solutions for Public Sector Entities

Service Category #2: Other Ancillary Goods or Services

1.0.1 Definitions:

- “RFP” or “solicitation” – this Request for Proposals document;
- “Vendor” - interested business;
- “You” or “Offeror” - vendor responding with a proposal;
- “Contractor” – Offeror awarded a contract;
- “Governmental Entity” – a government agency or non-profit organization;
- “Customer” – a governmental entity.

1.0.2 Outcome

The desired outcome of this RFP is for NCTCOG to enter into a Master Services Agreement (“MSA”) with one or more Contractors to supply municipalities, counties, school districts and other governmental agencies (“Customer”, “Government Entity”) with assistance to obtain the described services from fully licensed vendors authorized to do business in the locations selected on Exhibit 3.

The North Central Texas Council of Governments intends to award Contracts through its TXShare purchasing cooperative to multiple Contractors. Members of TXShare (“Customer” or “Member”) will have the option to utilize these contracts to fulfill their needs. The contract award does not guarantee any specific number of sales to any firm awarded under this contract. The goods or services will be provided on an as-needed basis. There are no scheduled orders at this time, but there is the expectation that needs will arise among the various Customers of the TXShare cooperative. Vendors awarded contracts will be uniquely positioned to market their products to the Customers. Each Customer will negotiate their own orders on an as needed basis.

SECTION 2: TXSHARE COOPERATIVE PURCHASING PROGRAM

2.0 BENEFITS OF A COOPERATIVE PURCHASING PROGRAM

2.0.1 How Does a Cooperative Purchasing Program Work?

A government cooperative purchasing program, such as TXShare, is a cooperative arrangement for acquiring goods or services that involves aggregating the demand of two or more government agencies to obtain a more economical purchase.

Government entities (cities, counties, water districts, school districts, etc.) sign up as members to use cooperative purchasing programs through a cooperative purchasing agreement. Additionally, non-profit organizations are allowed to sign up as members.

2.0.2 How Does a Government Entity Benefit?

Cooperatives help government agencies find the right goods and services that best fits their need and expedite purchases without requiring additional solicitations (RFP or IFB) to comply with laws and regulations.

TXShare uses the North Central Texas Council of Governments (“NCTCOG”) as the lead public entity to publicly solicit and award contracts through a Request for Proposal (“RFP”) process. TXShare members are eligible to access these contracts by signing an intergovernmental agreement with the NCTCOG, thereby eliminating the need to complete their own RFP process.

Membership in the TXShare cooperative purchasing program provides the agencies with access to contracts for goods and services at pre-negotiated rates or prices. Typically, the entity member then purchases the goods or services by negotiating with the cooperative’s awarded vendors and places purchase orders, or enters into sub-agreements, based on the rates or prices listed in the cooperative purchasing program’s contracts.

2.0.3 How Does a Vendor Benefit?

A Request for Proposal (RFP) such as this one is a document that competitively solicits bids from potential vendors for goods or services. The lead public entity (NCTCOG) is an independent government entity that carries out the advertising and bid procedures required by state law.

All of TXShare’s contracts are competitively bid and publicly awarded through this process. NCTCOG prepares the RFP incorporating the required cooperative purchasing language that allows its entity members across the nation to utilize the awarded contract(s).

Vendors respond to the RFP by submitting their proposals. NCTCOG evaluates the responses and awards a Master Services Agreement for the TXShare cooperative, thus establishing the availability for nationwide use of the resulting contracts.

Vendors who successfully compete in the RFP process and are awarded a contract will market to any public entity or non-profit and can then forgo the RFP process for an individual entity.

When marketing to a customer, the awarded vendor can provide a quote to the customer for its unique needs based on the pricing, terms and conditions of its contracts. For a vendor, being awarded a cooperative contract can help shorten the sales cycles considerably. This is especially beneficial for smaller firms, like startups, which may not otherwise be able to access the government market.

2.0.4 Mutual Benefits

Performing a competitive bidding process typically takes in excess of 90 days to create the RFP solicitation, collect and evaluate proposals, then negotiate and award the contract. Reducing the amount of time that purchasing staff spend managing new solicitations and generating new contracts, especially for goods or services that don’t require too much customization, saves months of administrative time and effort. Reducing the need to respond to every bid process and market directly to the customer saves time and

money as well as is an “ace in the hole” for a vendor when closing the sale on its goods or services covered by a cooperative contract. Smaller governments’ customers can achieve price-saving advantages from purchasing off a cooperative program with greater purchasing power.

Note: There is no obligation on the part of any Customer to purchase goods or services through the awarded contracts nor is there any guarantee, implied or otherwise, that the awarded contractor(s) will make any sales based on this solicitation.

2.1 NCTCOG OVERVIEW

The North Central Texas Council of Governments is a voluntary association of, by, and for local governments and was established to assist local governments in planning for common needs, cooperating for mutual benefit and coordinating for sound regional development.

NCTCOG serves a 16-entity metropolitan region surrounding the cities of Dallas and Fort Worth. Currently the Council has 236 members, including 16 counties, 168 cities, 23 independent school districts, and 29 special districts. The area of the region is approximately 12,800 square miles, which is larger than nine states, and the population of the region is over 7.0 million, which is larger than 30 states.

NCTCOG's governing structure is as follows: each member government appoints a voting representative from their governing body. These voting representatives make up the General Assembly, which annually elects a 17-member Executive Board. The Board also includes one ex-officio non-voting member of the legislature. The Executive Board is supported by policy development, technical advisory, and study committees, as well as a professional staff.

2.2 TXSHARE PROGRAM EXPLANATION

NCTCOG intends to make the contract awarded from this solicitation available to other public entities through TXShare. By promoting their TXShare contract(s) to public entities, contractors reduce the need to repeatedly respond to public customer bids or requests for proposals. The contractor then realizes substantial efficiencies that will increase sales opportunities. Contractors agree to pay an administrative fee to TXShare calculated as a percentage of sales processed through the TXShare contracts awarded and held by the contractor. This administrative fee is not an added cost to be invoiced by the contractor to TXShare participants. This administrative fee covers the costs of contract marketing and facilitation incurred by TXShare.

Under the TXShare program, any public customer or non-profit can use the TXShare contract and its selected contractor(s) to make purchases necessary to pursue their own needs. Offerors awarded a contract under the TXShare program may offer their services nationwide if they desire to do so. The TXShare contract offers a unique advertising advantage to a contractor to promote its services, as the contract satisfies most public entities’ procurement requirements.

2.3 CONTRACT MANAGEMENT AND REPORTING

The contractor will be required to track and report to NCTCOG its TXShare sales activities relating to the master contract. The contractor will be required to provide management reports on a quarterly basis. Examples of management report data include, but are not limited to:

- Participating public customer’s name; pricing option chosen; total fee charged. NCTCOG and contractor will agree to form and content of reports after award of contract.

2.4 ADMINISTRATIVE FEE

TXShare will collect an administrative fee, in the form of a percentage of sales, that will apply to all sales between the contractor and public entities using the cooperative program awarded contract. NCTCOG is included as a public entity customer as it may also make purchases through the contract. The administrative fee will be remitted by the contractor to NCTCOG on a quarterly basis, along with required quarterly reporting. The administration fee for this program will be 2.5% of sales.

2.5 INTERLOCAL AGREEMENT

Governmental entities are extended the opportunity to purchase from contracts awarded by the NCTCOG TXShare

purchasing cooperative by virtue of an interlocal agreement between the entity and NCTCOG. However, all parties understand, and all parties hereby expressly agree, that the NCTCOG is not an agent of, partner to or representative of those government entities and that NCTCOG is not obligated or liable for any action or debts that arise out of the government customer's purchase.

2.6 STANDARD TERMS AND CONDITIONS

The NCTCOG Procurement Standard Terms and Conditions can be found at www.nctcog.org in the "Open Procurement" section, or by clicking [here](#). Proposers shall certify its compliance with these requirements as part of their proposal response by completing the certifications included with the RFP document "Attachments" section. Failure to submit the required certification statement may be grounds for finding the proposal nonresponsive.

SECTION 3: GENERAL INFORMATION

5.6 OTHER REQUIREMENTS

5.6.1 Objectives.

The Master Agreement awarded for TXShare may cover a variety of services. Each Customer that selects to utilize the Master Agreement will negotiate the specific services it needs into a Supplemental Agreement with a customized SOW for that Customer. All proposals must be made based on, and either meet or exceed, the requirements contained herein.

5.6.2 Service Area.

In preparing a proposal, you will designate what geographic region(s) will be served. You must specify, on the service area designation forms included with their proposal, the service areas that they are willing and able to provide goods and services to. A vendor does not have to propose to service the entire State of Texas, nor have to propose to service all fifty (50) states, to be considered for an award of a TXShare contract.

Service area designation forms are found in **Exhibit 3**.

5.6.3 Service Category Offer.

You should prepare a proposal that describes in detail the goods or services that you are proposing to provide. Proposals must demonstrate your capability to provide all or part of the requested services. A proposal will be evaluated only for the services it proposes.

5.7 CONTRACT TYPE

If awarded, your proposal will result in a fixed price contract based on submitted pricing you propose. It is at your discretion to propose either unit pricing or a percentage discount off the list price for the goods or services you wish to offer. It is generally recommended that you propose a discount, however.

By signing this proposal, you certify that you have obtained and will continue to maintain during the entire term of this contract, all permits, approvals, or licenses, necessary for lawful performance of its obligations under this contract.

5.8 CONTRACT TERM

A contract resulting from this RFP shall be effective for 24 months from the date of award. This contract will automatically renew for up to three (3) additional one-year periods, not to exceed five (5) years in total, unless earlier terminated as provided herein. NCTCOG reserves the right not to renew at its discretion.

5.9 WARRANTY/GUARANTEE

Please state in your proposal what warranty or guarantee may apply to the goods or services you are proposing.

5.10 QUALITY

It is expected that you have knowledge of all applicable industry standards, laws, and regulations and possess an ability to market and distribute the goods or services to members of the cooperative.

5.11 NEW GOODS AND SERVICES

New goods and services may be added to the resulting contract(s) during the term of the contract by written amendment, to the extent that those goods or services are within the scope of this RFP and include, but will not be limited to, new services added to the manufacturer's list offerings, and services which reflect new technology and improved functionality. Service Categories or individual items of a fixed price nature are subject to review and approval of the NCTCOG before addition to the contract. Individual items added to catalog awards do not require prior approval of the NCTCOG.

5.12 ALL OR NOTHING AWARD

“All or nothing” proposals are not acceptable and will be rejected. You must be willing to accept a partial award for any combination of the Categories proposed at the discretion of the NCTCOG.

The NCTCOG may award contracts to multiple Offerors supplying comparable goods or services, also known as a multiple award schedule, or award the contract to a single vendor. The NCTCOG’s decision to make multiple awards or a single award will be based upon its sole discretion regarding the type of award that provides best value.

5.13 PRICING

When preparing your pricing, you should furnish pricing for each Category proposed and state “No Bid” for any Categories or sub-Categories you will not offer. NCTCOG will consider Categories individually and may make awards on each Category independently. NCTCOG reserves the right to select the proposal or proposals offering the most advantageous combination, with price and other evaluation criteria considered.

NOTE: The final negotiated price or discount will be incorporated into the Master Services Agreement with the awarded vendor(s). The pricing information provided in your proposal will be public information and will not be accepted marked as proprietary or confidential.

5.13.1 General Proposal Information

You must clearly identify which Category your pricing submittal applies to.

You have the option (but are not required) to propose ancillary optional goods or services. Examples are similar product lines, inside delivery, set up, installation, maintenance agreements, travel costs, and other similar goods and services that are not specifically covered by any of the other PRICING CATEGORIES listed in the RFP. Please provide adequate information explaining what the ancillary good or service consists of.

Any good and or service that your business sells, and reasonably meets one of the category descriptions of this RFP, may be proposed. However, they all require pricing by either unit price or discount from list in the proposal. The list pricing may be by a schedule attached to your proposal or by a weblink to your business catalog. The pricing information, including link, are to be attached to the Price Sheet included in this RFP.

NOTE: Only goods or services categories that have pricing submitted in the proposal (either by unit cost or percentage discount off of list) are eligible for purchase through a contract award. You may propose pricing in a manner that works best for you to prepare your customized quotes to customers, but the pricing must be stated in such a manner that must be capable of audit by the customer.

- For example, if you propose a discount off list, then your current list price card for the items proposed must be made available so that the customer can calculate the contract price. Such would mean if you were proposing “10% discount off list price of tables”, then you must provide with your proposal the current list price for tables offered under the contract.

5.13.2 Exhibit 1 Categories Offered – All bidders must complete this form to indicate which categories they are offering in their proposal. Check the appropriate category. If you are offering an “Other Ancillary Good or Service”, you must list those goods and services under this Category in order for the goods or services to be considered for award. Failure by the responding vendor to submit the clarifications by the deadline requested may result in disqualification of the proposal.

Note that not all RFPs will contain an Exhibit Pricing Proposal Worksheet.

5.13.3 Market Basket - For Evaluation Purposes Only (If Required).

FOR EVALUATION PURPOSES ONLY: Respondents are asked to fill out and return a copy of the Sample Market Basket Pricing Form, included as Exhibit 2 in this RFP package. This item is used to evaluate a Respondent’s ‘best value’ as opposed to raw percentage discounts and is what is used to score your

proposed pricing. This item will not be considered or used beyond evaluation purposes. Respondents are not required to fill out the entirety of the form – e.g., if a Respondent does not offer all of the items listed, they are asked to only fill out those that they do provide.

Responses are encouraged from vendors who can only provide a handful of products. Respondents are not expected to be able to provide the entirety of the desired goods, though are welcome to if they are able.

5.13.4 Price Escalation/De-escalation.

The unit pricing (or discount percentage) proposed by the Offeror shall be of a fixed price nature for the first six (6) months of the contract. Escalation requests may be made no more than every ninety (90) days and are subject to mutual written amendment to the contract between NCTCOG and the contractor. It is the responsibility of the contractor to petition NCTCOG changes to the pricing structure. The awarded contractor must provide upon request such supporting documentation as TXShare may require, that justifies the requested price escalation.

A price change (based on the Bureau of Labor Statistics, Consumer Price Index escalation) may be considered. Price changes may not exceed the most recent 12-month CPI-U table. Request for increases must be submitted in writing for consideration. Should the price change be granted and the NCTCOG accepts, a written amendment will be executed.

Price decreases (or discount percentage increase) may be made at any time and without written agreement. Further, the awarded vendor may negotiate more favorable pricing terms with the individual customer based on quantity or other conditions of purchase without seeking approval from NCTCOG. Change to unit prices in a contract must be approved via mutual execution of an amendment to the contract. In the event of price decreases, an executed amendment is not required. If applicable, a copy of, or link to, the vendor's current pricelist should be submitted with the Proposal.

5.13.5 Sales Tax & Freight.

Do not include sales tax in proposal pricing. Nearly all Customers will be tax exempt. Freight/shipping cost should be addressed in your pricing. There is full flexibility on the vendor's behalf as to whether these costs are included in the price, or an additional charge to be determined at the time of the negotiation between the Contractor and Customer. However, this must be stated up front at the time of the submission of the proposal. Failure to state the method in the proposal will result in a default assumption of "additional charge" for freight/shipping costs when evaluating the proposal.
