SECTION 1: OVERVIEW

The North Central Texas Council of Governments (“NCTCOG”) seeks an experienced firm or firms to provide Night Vision Solutions to the NCTCOG SHARE Program under a captured catalog discount contract. The awarded contracts would be promoted via the SHARE Cooperative Purchasing Program. The purpose of this Request for Proposals (“RFP”) is to solicit responses that result in a contract with a qualified Vendor that is familiar with providing these products and services.

1.0 NCTCOG OVERVIEW

The North Central Texas Council of Governments (hereafter NCTCOG) is a voluntary association of, by, and for local governments and was established to assist local governments in planning for common needs, cooperating for mutual benefit and coordinating for sound regional development.

NCTCOG serves a 16-county metropolitan region surrounding the cities of Dallas and Fort Worth. Currently the Council has 236 members, including 16 counties, 168 cities, 23 independent school districts, and 29 special districts. The area of the region is approximately 12,800 square miles, which is larger than nine states, and the population of the region is over 7.0 million, which is larger than 30 states.

NCTCOG's governing structure is as follows: each member government appoints a voting representative from their governing body. These voting representatives make up the General Assembly, which annually elects a 17-member Executive Board. The Board also includes one ex-officio non-voting member of the legislature. The Executive Board is supported by policy development, technical advisory, and study committees, as well as a professional staff.

1.1 PURPOSE

The desired deliverable of this RFP involves the submittal of proposals detailing how the proposer would deliver night vision and thermal imaging devices, accessories, and services commonly used by public-sector Entities.

Bid Item #1: The **primary intent** of this RFP (SHARE proposal) is to receive proposals for the selection of a vendor(s) to provide catalog contracts offering Night Vision and Thermal Imaging Devices and Accessories to be hosted on the SHARE Cooperative Purchasing Program. Under the SHARE program, any public entity or non-profit can use the SHARE contract and its selected vendor(s) and pricing to pursue their own projects. Vendors awarded a contract under the SHARE Program may offer their products and services nationwide if they desire to do so. This offers a unique advertising advantage to vendors to promote their services, as the vendor's prices are competitively bid under a cooperative contract.

SECTION 2: SHARE COOPERATIVE

2.0 PROGRAM EXPLANATION

NCTCOG intends to make the contract resulting from this procurement available to other governmental entities through its SHARE cooperative purchasing program. Vendors realize substantial efficiencies through their ability to respond to a SHARE solicitation that will increase their sales opportunities and reduce the need to repeatedly respond to public agency Requests for Proposals. From these efficiencies, vendors pay an administrative fee to SHARE calculated as a percentage of sales processed through the SHARE contracts awarded and held by the vendor. This administrative fee is not an added cost to SHARE participants. This administrative fee covers the costs of contract marketing and facilitation and offsets expenses incurred by SHARE.

2.1 CONTRACT MANAGEMENT AND REPORTING

The Contractor will be required to track and report to SHARE on activities relating to the Master Contract. The Contractor will be required to provide management reports to NCTCOG on a quarterly basis with the submission of the administrative fee outlined herein. Examples of management reports include, but are not limited to:

- Participating Entity's name; pricing option chosen; total fee charged. NCTCOG and vendor will agree to form and content of reports after award of contract.

2.2 ADMINISTRATIVE FEE

NCTCOG will utilize an administrative fee, in the form of a percent of cost that will apply to all contracts between awarded contractor and NCTCOG or participants resulting from this solicitation. The administrative fee will be remitted by the contractor to NCTCOG on a quarterly basis, along with required quarterly reporting. The remuneration fee for this program will be 2% of sales.

2.3 INTERLOCAL AGREEMENT

Other governmental entities may be extended the opportunity to purchase from contracts awarded by the NCTCOG, with the consent and agreement of the successful Vendor(s) and the NCTCOG. Such consent and agreement shall be conclusively inferred from lack of exception to this clause in Respondent's Response. However, all parties indicate their understanding and all parties hereby expressly agree that the NCTCOG is not an agent of, partner to or representative of those outside agencies or entities and that the NCTCOG is not obligated or liable for any action or debts that arise out of such independently negotiated interlocal or "piggyback" procurements.

SECTION 3: GENERAL INFORMATION

SECTION 5: SPECIFICATIONS

5.0 SCOPE OF WORK

The intent of this RFP is to establish a contract/s for the purchase of various types of night vision and thermal imaging devices, accessories, equipment, and services as part of the SHARE Cooperative Purchasing Program. Under the SHARE program, any public entity or non-profit can use the SHARE contract and its selected vendor(s) and pricing to pursue their own projects. A vendor is encouraged to market their products or services to any public sector or non-profit group in the Nation that they'd like to do business with.

The desired outcome of this RFP is to capture catalog-option contracts awarded to retain a vendor or vendors to supply Special Weapons and Tactics (SWAT) teams, Police and Sheriff Departments, and other first-responder units with night observation devices commonly used in the execution of their job duties. NCTCOG is seeking responses from respondents who provide these products and related services, and ask that they propose a percent discount from list price for a catalog for supplies, materials, and/or equipment.

Vendor may propose any combination of categories. NCTCOG reserves the right to select the proposal or proposals offering the most advantageous combination, with price and other evaluation criteria considered. Respondent should answer all questions related to each item on which Respondent wishes to propose, and either leave the questions for other items unanswered (blank) or indicate "No Bid." The NCTCOG will consider items individually and make awards on each item independently,

Examples of items historically purchased and presently desired are found on **Exhibit A**.

Items ordered are to be delivered directly to the SHARE Entity being served by the awarded contract holding Vendor. Packaged consumables may be drop shipped. However, certain equipment, parts or other items may require assembly before they may be used. If vendor chooses to offer assembly, it shall be billable by either a flat rate or an hourly labor rate, with those rates stated on the attached pricing sheet. When assembly is ordered, the items must be assembled, and delivered to the Entity. Delivery may be by courier or common carrier. When delivery is added, it shall be billable by either a flat rate or mileage rate, in accordance with the rates stated on the attached pricing sheet. The cost of assembly and delivery shall be included in the applicable product invoice. The cost of freight for drop shipped items shall be Freight Prepaid and Allowed.

5.1 REQUIREMENTS FOR RESPONDENT CATALOG OR PRICELIST

Electronic catalogs or pricelists must be submitted in the required format with the proposal. Pricelists should be in searchable .PDF format. Catalogs or Pricelists should include all listed data fields, or the proposal will not be considered. Catalogs or Pricelists should contain only the items that relate to the items requested in this RFP and on the Price Proposal. Respondents are not asked to include irrelevant or non-responsive information with their proposals. SHARE reserves the right to declare a submission non-responsive if the Respondent submits a proposal that does not specifically relate to the intent of this RFP or contain what SHARE considers, in its sole discretion, excessive irrelevant or non-responsive information; including information that would make it unduly burdensome or impractical to identify relevant products and pricing.

Below is a sample chart, with examples of data for each field, showing the information that Respondents must include with each submitted Catalog or Pricelist:

SHARE Section Category	Part/Item Number	Item Description	List Price
A.	1234	SDR-35 PVC	\$65.00
B.	4567	Maximal Hourly Rate for Service	\$40.00 per hour

Unless otherwise specified, the specifications of the items herein are intended to be non-proprietary, and should be construed as such. Catalog numbers, brand names, or manufacturer product or reference numbers used in the item specifications in this RFP are intended to be descriptive, not restrictive. These references, as well as “approved brands and/or models” listed, are intended to identify and indicate the type of product being sought and establish the level of quality desired. If any conflict exists in the item specifications between the product descriptions and any brand names or model or reference numbers used, the product descriptions will override the brand names or model number references.

Where specific brands or models are identified, Respondent is encouraged to propose the exact item specified, in addition to an alternate brand or model with equal/equivalent functionality or features where appropriate or necessary.

Respondents proposing various manufacturer product lines per line item on the Price Proposal form must submit the information as follows:

- Manufacturers shall be listed in alphabetical order
- Respondent must list one specific percentage discount for each Manufacturer listed

If Respondent’s response indicates to “See attached sheet”, Along with their proposal, the all manufacturers listed on the attachment must indicate per manufacturer the line item that corresponds to Respondent's specification form.

Respondent shall complete and submit the Pricing Proposal, in addition to their Catalog or Pricelist. In all cases, Proposals must identify the manufacturer, brand, model, etc., of the item being offered. For Proposals on “equal/equivalent” items other than the specified “approved brand and/or model,” Respondent must supply a complete description and sufficient data for the Cooperative to properly analyze the product being proposed, including its functionality and features. In order to conduct such analysis, the Cooperative may request samples for items other than “approved brands and/or models.” If the specification identifies a specific brand or model for any item and Respondent fails to identify the manufacturer, brand, model, etc., for that item, the NCTCOG will assume Respondent is proposing on the exact brand and model identified in the specification, and if awarded a contract, Vendor must furnish the exact brand name, model, etc., as specified.

An awarded vendor must supply the awarded products and services at the awarded discount structure and hourly rate, if applicable, for the duration of the contract and honor all orders by the NCTCOG and SHARE Entities.

Vendors are to propose pricing for each product category on the included Pricing Proposal. If a vendor proposes more than one price level for the category, then the vendor must clearly state the difference in price levels, either by manufacturer or product type, along with the specific price level for each.

5.2 CONTRACT TYPE

This is a “sealed proposal” based on discount off catalog or price list and may contain a not-to-exceed hourly labor rate. All discount percentages shall remain firm for the duration of the contract. Vendor may submit updated pricelists or catalogs reflecting manufacturer or similar market-wide price increase that occur during the term of contract, and shall provide upon request such supporting manufacturer documentation as SHARE may require. In the event of price decreases, such price decreases shall be allowed for all products. A copy of, or link to, the vendor’s catalog/pricelist must be submitted with the Proposal.

By signing this Proposal, the Respondent certifies that the proposing entity has obtained, and will continue to maintain during the entire term of this contract, all permits, approvals, or licenses, necessary for lawful performance of its obligations under this contract.

5.3 WARRANTY/GUARANTY

All products purchased under this contract shall be new and free from defects.

5.4 PRICING

This Request for Proposals requires “discount from catalog” pricing, Respondent must quote a single discount percentage to be applied to all items in Respondent's published catalog. Respondent must submit the catalog or published pricelist with the Proposal, and is encouraged to submit this information via electronic format.

Respondent will not include freight, transportation and delivery charges or costs or sales tax in Proposal pricing.

FOR EVALUATION PURPOSES ONLY: Respondents are asked to fill out and return a copy of the Sample Market Basked Pricing Form, included in this RFP package. This item is used to evaluate a Respondent’s ‘best value’ as opposed to raw percentage discounts. This item will not be considered or used beyond evaluation purposes. This item is used to evaluate actual value of a Respondent’s proposal beyond a percentage discount. Respondents are not required to fill out the entirety of the form – e.g., **if a Respondent does not offer all of the items listed, they are asked to only fill out those that they do provide.**

Responses are encouraged from vendors who can only provide a handful of goods or services. Respondents are not expected to be able to provide the entirety of the desired goods, though are welcome to if they are able!

5.5 QUALITY

Products must be in new condition, and must be warranted in the same manner. Factory seconds, used, remanufactured or refurbished items are not acceptable.

Any deviation from the specifications should be clearly noted by the Respondent and explained in detail in the Proposal submitted. Unless the deviation submitted is accepted in writing by NCTCOG, the NCTCOG will hold Respondent accountable to perform in strict accordance with these Terms and Conditions and the item specifications as written.

5.6 ALL OR NOTHING AWARD

“All or nothing” Proposals are not acceptable and will be rejected. Respondent must be willing to accept a partial award for any combination of the items or services proposed, and must be willing to share the business with any other successful Respondents.

The NCTCOG may award contracts to multiple Respondents supplying comparable product or services, also known as a multiple award schedule, or award the contract to a single Respondent.

The NCTCOG’s decision to make multiple awards or a single award will be based upon its sole discretion regarding the type of award that provides best value.
