ARTICLE V SERVICE FEE

- 5.1 **Explanation.** NCTCOG will make this Master Service Agreement available to other governmental entities, Participating Entities, and non-profit agencies in Texas and the rest of the United States through its SHARE cooperative purchasing program. The Contractor is able to market the Services under this Agreement to any Participating Entity with emphasis that competitive solicitation is not required when the Participating Entity purchases off of a cooperative purchasing program such as SHARE. However, each Participating Entity will make the decision that it feels is in compliance with its own purchasing requirements. The Contractor realizes substantial efficiencies through their ability to offer pricing through the SHARE Cooperative and that will increase the sales opportunities as well as reduce the need to repeatedly respond to Participating Entities' Requests for Proposals. From these efficiencies, Contractor will pay an administrative fee to SHARE calculated as a percentage of sales processed through the SHARE Master Services Agreement. This administrative fee is not an added cost to SHARE participants. This administrative fee covers the costs of solicitation of the contract, marketing and facilitation, as well as offsets expenses incurred by SHARE.
- 5.2 **Administrative Fee.** NCTCOG will utilize an administrative fee, in the form of a percent of cost that will apply to all contracts between awarded contractor and NCTCOG or participants resulting from this solicitation. The administrative fee will be remitted by the contractor to NCTCOG on a quarterly basis, along with required quarterly reporting. The remuneration fee for this program will be 2% on sales.
- 5.3 **Setup and Implementation.** NCTCOG will provide instruction and guidance as needed to the Contractor to assist in maximizing mutual benefits from marketing these Services through the SHARE purchasing program.

ARTICLE VI RELATIONSHIP BETWEEN THE PARTIES

- 6.1 **Contractual Relationship.** It is understood and agreed that the relationship described in this Agreement between the Parties is contractual in nature and is not to be construed to create a partnership or joint venture or agency relationship between the parties. Neither party shall have the right to act on behalf of the other except as expressly set forth in this Agreement. Contractor will be solely responsible for and will pay all taxes related to the receipt of payments hereunder and shall give reasonable proof and supporting documents, if reasonably requested, to verify the payment of such taxes. No Contractor personnel shall obtain the status of or otherwise be considered an employee of NCTCOG or Participating Entity by virtue of their activities under this Agreement.

ARTICLE VII**REPRESENTATION AND WARRANTIES**

7.1 Representations and Warranties. Contractor represents and warrants that:

- 7.1.1 As of the Effective Date of this Agreement, it is not a party to any oral or written contract or understanding with any third party that is inconsistent with this Agreement and/or would affect the Contractor's performance under this Agreement; or that will in any way limit or conflict with its ability to fulfill the terms of this Agreement. The Contractor further represents that it will not enter into any such agreement during the Term of this Agreement;
- 7.1.2 NCTCOG is prohibited from making any award or permitting any award at any tier to any party which is debarred or suspended or otherwise excluded from, or ineligible for, participation in federal assistance programs under Executive Order 12549, Debarment and Suspension. Contractor and its subcontractors shall include a statement of compliance with Federal and State Debarment and suspension regulations in all Third-party contracts.
- 7.1.3 Contractor shall notify NCTCOG if Contractor or any of the Contractor's sub-contractors becomes debarred or suspended during the performance of this Agreement. Debarment or suspension of the Contractor or any of Contractor's sub-contractors may result in immediate termination of this Agreement.
- 7.1.4 Contractor and its employees and sub-contractors have all necessary qualifications, licenses, permits, and/or registrations to perform the Services in accordance with the terms and conditions of this Agreement, and at all times during the Term, all such qualifications, licenses, permits, and/or registrations shall be current and in good standing.

Notwithstanding anything in this Agreement to the contrary, Contractor shall have no obligation of confidentiality with respect to information that (i) is or becomes part of the public domain through no act or omission of Contractor; (ii) was in Contractor's lawful possession prior to the disclosure and had not been obtained by Contractor either directly or indirectly from the NCTCOG or Participating Entity; (iii) is lawfully disclosed to Contractor by a third party without restriction on disclosure; (iv) is independently developed by Contractor without use of or reference to the NCTCOG's Participating Entity's Confidential Information; or (v) is required to be disclosed by law or judicial, arbitral or governmental order or process, provided Contractor gives the NCTCOG or Participating Entity prompt written notice of such requirement to permit the NCTCOG or Participating Entity to seek a protective order or other appropriate relief. The Data is licensed, not sold, and Licensor and its Suppliers retain all right, title, and interest therein other than those rights specifically granted herein.

iCone hereby grants NCTCOG or a Participating Entity a non-exclusive royalty bearing license to use the Data, without right of sub-license. NCTCOG or a Participating Entity may not rent, lease, or lend the Data. NCTCOG or Participating Entity may only transfer the Data to a public database if Additional Data has been integrated with the Data. For purposes of this agreement, Additional Data means three or more data fields other than the device feed data as such data fields are defined in the WZDx protocol. NCTCOG and Participating Entity agree that the Data and any additional materials specific to the Data provided under this Agreement are and shall at all times remain the sole and exclusive property of iCone and its Suppliers. Except as set forth herein, unauthorized copying of the Data is expressly forbidden. Nothing in this license grant restricts Licensee’s ability to create and use for its own purposes Derived Data, where Derived Data is data that results from either (a) Licensee’s combination of Data with data from other sources, or (b) Licensee’s manipulation or adaptation of Data, in both cases such that the resulting data (i) is not capable of use as a substitute for the underlying Data; (ii) does not reveal the underlying Data; and (iii) cannot be reverse engineered such that it is either capable of use as a substitute for the underlying Data or reveals the underlying Data. At all times such Derived Data is owned by the NCTCOG or the Participating Entity that created such Derived Data except the underlying Data.

APPENDIX A Statement of Work

The Contractor shall provide or implement one or more of the following Contract Items for Roadway Workzone Data Reporting Services for existing SHARE Member Entities.

The following selection of anticipated tasks is **not all-encompassing**, and additional Roadway Workzone Data Reporting related tasks may be requested by SHARE Members; if desired.

Contract Item #1: Provide or implement a service whereby the Contractor captures work zone information in the possession of a TxShare Entity (referred to as the Supplier in this scenario) and

- (a) converts that information into the WZDx specification, and
- (b) publishes that information in WZDx format to:
 - (i) the 511 traffic information service maintained by NCTCOG covering DFW ([511DFW](#)) or a site otherwise designated by NCTCOG,
 - (ii) back to the Supplier, and
 - (iii) to other data portals designated by the Supplier, such as an open data portal maintained by the Supplier or to TxDOT.

Contract Item #2: Provide or implement a service whereby participating roadway operators will be enabled to report their work zone data in WZDx format without the need for processing by the Contractor.

Contract Item #3: Provide or implement general WZDx-related consulting services. Such services would consist of providing advice and other services to help roadway operators improve their reporting of work zones.

An example is real-time work zone reporting, capturing location, lane shifts, and other changes as they occur in the field and reporting them promptly so that information is shared with road users in a timely fashion. Another example of such services is working with a reporting agency on increasing the accuracy of work zone information and capturing a higher percentage of work zones in their work zone reporting system.

Respondents should describe the types of services that they propose to supply and pricing for these services in their proposals. Provide information concerning any exceptions, as necessary.

Definitions:

Master Agency: Entity that serves as the primary procurement agency on behalf of other entities within its jurisdiction. Example: Major City or County, State Department of Transportation.

Associate Agency: Entity within the jurisdiction of the Master Agency. Under a state-level DOT, any public entity within that state (County DOT, Municipality, etc.) would qualify as an Associate Agency. Similarly, if a County were to serve as Master Agency, any public entity within that County (such as Towns, Cities, and their subsequent departments, etc.) would qualify as an Associate Agency.

Document Management Solution Services Rate Chart - TxShare Cooperative Purchasing Program

Level of Data Service	Description	List Price per CLM(1)	Discount Price per CLM	Master Agency Monthly Fee (2,3)	Associate Agency Monthly Fee	Discount off List Price
1	Navigation Feed	\$1.20	\$0.90	\$37,170.00	\$1,500.00	30%
2	Traffic Operations Feed	\$0.55	\$0.40	\$16,520.00	\$1,000.00	30%
3	Analysis Feed	\$0.35	\$0.25	\$10,325.00	\$500.00	30%

Notes:

1. CLM = Center Line Miles (CLM measures the length of a road or highway, as defined by the governing State Department of Transportation.)
2. Pricing includes Login Credentials for a single "seat" in the R.O.A.D.TM database, which includes access to the data feed as well as a live dashboard. The same Pricing Model will be applied to any other entity that access this contract via the TxShare Cooperative Purchasing Program.

Pricing Model:

1. The Master Agency, serving as the primary procurement agency on behalf of itself as well as all Associate Agencies in its jurisdiction, will select the base level of data service desired (Level 1 – Navigation Feed; Level 2 – Traffic Operations Feed; Level 3 – Analysis Feed) based on the criteria and benefits of each level as defined in Tables II and III in Section D.2.3 of the Technical Proposal in iCone's response to RFP 2022-035. (Detailed below).
2. The Master Agency and its designated technology providers will be provided Login Credentials for a single "seat" in the R.O.A.D.TM database, providing access to the selected level of data service and a live dashboard.
3. Once the Master Agency has selected and contracted for the specified level of data service, all employees of the Master Agency, its designated technology partners, as well as any

Associate Agencies will have access to the data selected as the base level for the Master Agency.

- a. Associate Agencies will have access to the Master Agency data at no additional cost through the Master Agency.
- b. Associate Agencies have the option to set up a separate ‘seat’ or individual Login Credentials, for the own independent use of the R.O.A.D.™ database, including the data stream and live dashboard, up to, but not greater than the level of data services selected by the Master Agency. There are additional benefits for an Associate Agency to set up a separate ‘seat’ in the R.O.A.D. Device Feed™, as defined in section D.2.3 – Data Licensing Models of the Technical Proposal in iCone’s response to RFP 2022-035. (Noted below)
- c. If an Associate Agency desires access to a higher level of data than was contracted for by their Master Agency, then the Associate Agency has the option to purchase a ‘seat’ at any data service level in the discounted per-mile price based on the number of CLM in their region, subject to the 10,000-mile minimums as defined in the chart below.

Minimums based on 10,000 CLM for individual seats outside of Master Agency Procurement

Level of Data Service	Description	List Minimum/Month	Discounted Minimum/Month	Discount off List
1	Navigation Feed	\$12,000	\$9,000	30%
2	Traffic Operations Feed	\$5,500	\$4,000	30%
3	Analysis Feed	\$3,500	\$2,500	30%

Use case scenarios:

- 1. (Hypothetical) City of Fahrbahn as the Master Agency selects Level 2 – Traffic Operations Feed as the base level of data service.
 - a. City of Fahrbahn pays the discounted monthly fee of \$16,520 and receives a single set of Login Credentials.
 - b. Employees of City of Fahrbahn as well as their designated technology partners can access the data feed and live dashboard at Level 2 using the City of Fahrbahn Credentials. All Associate Member Agencies (public works, parks and rec., police, etc.) will be able to receive the data directly through the City of Fahrbahn at not additional cost.
 - c. All Associate Member Agencies within the City of Fahrbahn have the option to set up a separate ‘seat’ with individual Login Credentials to access the data feed and live dashboard directly for either Level 2 data at \$1000.00 per month, or Level 3 data for \$500 per month.
 - d. If an Associate Member Agency needs a higher level of data feed (i.e. Level 1 – Navigation Feed) then that Associate Member Agency can create a separate feed under this Agreement at the discounted price above for the CLM in their specific region, subject of the 10,000-mile minimums specified above.
- 2. The State of X Department of Transportation (DOT) as the Master Agency selects Level 1 – Navigation Feed as the base Level of data service (assume State of X has a total of 100,00

- a. State of X DOT pays the discounted monthly fee of \$90,000.00 (\$0.90/CLM x 100,000 miles).
- b. Employees of the State of X DOT, as well as their designated technology partners can access the data feed and live dashboard at Level 1 using the State of X Login Credentials. All public entities within the State of X will be able to receive the data directly through the State of X DOT at no additional cost.
- c. All public entities within the State of X jurisdiction have the option to set up a separate 'seat' with individual Login Credentials to access the data feed and live dashboard directly for any level of data at their discretion at the monthly pricing provided above (i.e., Level 1 Data - \$1,500/mo.; Level 2 Data - \$1,000/mo.; Level 3 Data - \$500/mo.).

Considerations of the Master Agency:

The pricing included in the Pricing Model is based on a minimum of a 30% discount off the list price for the data services. Depending on the base level of data services selected by the Master Agency, as well as the level of data service selected by the Associate Agencies, the discount may be significantly more than 30% off the list price. For example, if a Master Agency selects Level 2 data service at the discounted rate of \$16,520/mo., not only do all Associate Agencies within that Master Agency's region have access to the same level of data at no additional cost, but each Associate Agency can also choose to obtain individual data license 'seats' at \$1000/mo., which is a substantially greater discount than 30% compared to that Associate Agency procuring the R.O.A.D.TM data feed directly.

It is recommended that the Master Agencies review the various options for the base levels of data service with its Associated Agencies to determine demand within that specific jurisdiction and select the best combination of data service levels for the Master Agency as well as the various Associate Agencies. iCone can work directly with the Master Agency to assist in the building the most cost-effective pricing model to best serve all agencies involved.

Further, a Master Agency has the option to procure the base level of data service as well as all additional Associate Agency 'seats' directly and pass the costs on to the Associate Agencies via internal billing. The pricing to the Master Agency will be as provided in the Pricing Model above, and the Master Agency has the option to offer the additional 'seats' at either a discount or a premium based upon its discretion. The Master Agency may choose to apply a premium to help cover administrative costs for acting as the primary procurement agency on behalf of its Associate Agencies, limiting the costs to the Master Agency for the base level of data service by passing a small part of that cost along to its Associate Agencies.
